

# PHYSICAL EDUCATION

At Cloverlea School, we provide tamariki with a variety of different sports experiences that focus on learning new skills and having fun in a positive, supportive environment.

We give all LEGENDS opportunities using well-designed programmes that cater for all ages and stages of development.

Physical education helps LEGENDS develop motor skills so they can participate in games and sports.

By offering LEGENDS many sports, we enable them to find their passions.

LEGENDS learn a range of kēmu (games) that support our LEGENDS to see te Ao Māori as a natural part of learning.

Physical Education gives our tamariki the opportunity to practise our LEGEND Values in a different setting.

Team sports provides opportunities for LEGENDS to work alongside each and build positive relationships.
